

Voices - Tusse

[Verse 1]

There's fire in the rain, But we'll get up again, We're thousand miles apart, But we'll overcome
I'll never let you down, World is turning us around, But I feel it in my heart, Let's make a brand new start

[Pre-Chorus]

Can't stop us now, forget the haters
Get up and live and make it matter
There's more to life so go ahead and sing it out

[Chorus]

**Can you hear a million voices
Calling out in the rain?
You know we got a million choices
So go get out and let it rain**

[Post-Chorus]

**A million voices, voices
A million voices, voices
A million voices, voices
A million voices**

[Verse 2]

There's fire in the rain, And I can feel your pain, Painting all the scars in, The colors of change
Don't let them hold you down, Don't let them hold you down, Go shooting like a star, The star you are

[Pre-Chorus]

Can't stop us now, forget the haters
Get up and live and make it matter
There's more to life so go ahead and sing it out

[Chorus]

**Can you hear a million voices
Calling out in the rain?
You know we got a million choices
So go get out and let it rain**

[Post-Chorus]

Can you hear them?

A million voices, voices

Can you hear them?

A million voices, voices

Can you hear them?

A million voices, voices

Can you hear them?

A million voices

[Bridge]

Can you hear them? (Can you hear them?)

Can you hear them?

[Chorus]

Can you hear a million voices

Calling out in the rain?

You know we got a million choices

So go get out and let it rain

[Post-Chorus]

Can you hear them?

A million voices, voices

Can you hear them?

A million voices, voices

Can you hear them?

A million voices, voices

Can you hear them?

A million voices
